

Private or Public?

What is a private patient?

At Banyule Community Health, a private dental patient is a person who pays for un-subsidised dental treatment.

Who can use the Private Dental Clinic?

There are no eligibility criteria for this service. The service can be used by anyone who agrees to pay the required fees.

What if I have a Healthcare Card?

If you have a Healthcare Card you are eligible to be a public patient. You will not be a patient of the private clinic unless you choose to be.

If I have a Healthcare card, can I be a public patient and a private patient?

You can choose to be a private patient at any time, however, you must indicate this before any treatment begins.

If you wish to return to being a public patient, you will still be responsible for paying any outstanding private fees.

CLEAN WELL

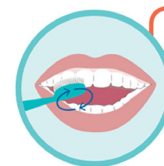

How to brush

1
Brush in the morning and at night before going to bed.

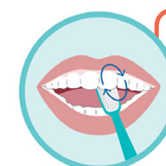

2
Use a pea sized amount of fluoride toothpaste on a soft toothbrush.

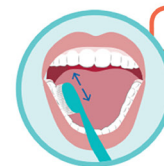

3
Brush teeth and along the gum moving in gentle circles.

Start with the outside surfaces.

4
Repeat on the inside surfaces.

5
Use a light back and forth motion on the chewing surfaces.

Spit out toothpaste, but don't rinse with water.
